

THE NEVADA PUBLIC OPTION

Since Nevadans can lose their jobs and health insurance at any time, a public health insurance plan is needed to ensure that Nevadans always have access to affordable healthcare.

THE NEVADA PUBLIC OPTION PROPOSAL

Lowers cost for everyone by forcing insurance companies to compete with the public option for your business

Allows small business employees and contractors access to quality, affordable health insurance

Provides an affordable option for people who lose their jobs and don't qualify for Medicaid

Enhances Medicaid maternity coverage to promote healthier pregnancies, mothers, and babies

Guarantees rural Nevadans have quality, affordable options on Nevada Health Link

Gets a better deal for Nevadans by leveraging the state's ability to negotiate for lower costs of care
